**Leadership Reports**

**Brad Reyburn, Superintendent:**

Brad talked about the fencing project that is underway at the football field and getting the fencing all completed before graduation.

Spring is full of sports getting up and running along with testing. May will be full of all thing's graduation.

Brad met with Bing and Julie over spring break to review finances and getting ready for the first round of negotiations They also discussed off schedule options to offer. Brad feels that with the current state of uncertainty that it is best to do a year to year contract on salary.

The administrative regulations have been updated and is more in line with what we currently do and making sure that we are following the law.

Brad also mentioned that in May of 2025 he would like to bring the renewal of the sinking fund to the public. Then in May 2026 he would like to go out and ask to increase the life of the bond this is not a mill increase.

**Julie Reams, Director of Finance:**

Julie reviewed the proposed changes to the budget due to new billings and that GRPS gave us a portion of the extra funding they received so that was an addition to the budget line.

Julie is asking the administrators to finalize their spending for the year by the end of April so she can get accurate numbers for the budget. She would like to have things as tight and close as they enter negotiations.
