INTRODUCTION

Section 504 of the Rehabilitation Act of 1973 (commonly referred to as “504”) prohibits discrimination against students on the basis of their disability.

The Board of Education has adopted the following Policy:

8000 .02 Americans with Disabilities Act (ADA) /
Section 504 of the Rehabilitation Act of 1973 (Section 504)

In accordance with Section 504 of the Rehabilitation Act of 1973 (Section 504), and Title II of the Americans with Disabilities Act (ADA), the School District will ensure that no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination. The School District does not discriminate in admission or access to, participation in or treatment of, students with disabilities in its programs and activities. Similarly, the School District does not discriminate against any job applicant or employee with a disability in any term or condition of employment or in the recruitment process.

The purpose of this document is to provide information about Section 504 and the School District’s procedures that have been developed to comply with the requirements of Section 504. This document reflects the District’s commitment to address the educational needs of ALL children.

SECTION 504 – OVERVIEW

Section 504 of the Rehabilitation Act of 1973 is a federal law that prohibits discrimination against persons with disabilities. The law provides:

No otherwise qualified individual with a disability shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. . . .

29 USC 794.

The principal purpose of Section 504, in the educational context, is to assure that students with disabilities are not denied access to educational facilities, programs or opportunities on the basis of their disability.

For a student to qualify for Section 504 protection, the student must: **(1) have a mental or physical impairment (2) which substantially limits (3) one or more major life activities.** A student also qualifies for protection under Section 504 if he/she has a record of such an impairment or is regarded as having such an impairment.

Section 504 requires that the School District offer a Free Appropriate Public Education (“FAPE”) to each eligible student who has a physical or mental impairment that substantially limits a major life activity. Under Section 504, FAPE consists of the provision of regular or special education and related aids and services that are designed to meet the student’s individual educational needs as adequately as the needs of non-disabled students, and in accordance with Section 504 requirements pertaining to educational setting, evaluation, placement and procedural safeguards. The FAPE obligation extends to all students described in this paragraph, regardless of the nature or severity of their disability.

DEFINITIONS UNDER SECTION 504

“Free Appropriate Public Education” (“FAPE”) – A “free appropriate public education” is the provision of regular or special education and related aids and services that are (i) designed to meet the individual educational needs of disabled persons as adequately as the needs of non- disabled persons are met, and (ii) are based upon adherence to procedures that satisfy the requirements of the Section 504 Regulations.

“Individual with a disability” – An “individual with a disability” is a person who:

1. Has a physical or mental impairment which substantially limits one or more of such person’s major life activities;
2. Has a record of such an impairment; or,
3. Is regarded as having such an impairment.

“Major life activities” – A “major life activity” includes, but is not limited to, functions such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working. Major life activities also include standing, lifting, bending, reading, concentrating, thinking and communicating. The term also includes the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

“Physical or mental impairment” – a “physical or mental impairment” is:

1. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or
2. Any mental or psychological disorder such as cognitive impairment, organic brain syndrome, emotional or mental illness and specific learning disabilities.

“Substantially limits” – A student who has a physical or mental impairment that substantially limits a major life activity is a person with a disability under Section 504. This determination is made on a case-by-case basis.

Except for ordinary eye glasses or contact lenses, the effects of mitigating measures (e.g., medications, prosthetics, hearing aids, etc.) may not be considered when assessing whether a student has an impairment that substantially limits a major life activity. To the extent feasible, only the impact the impairment has on a major life activity without mitigating measures may be considered when determining whether the disability substantially limits a major life activity.

If a student has an impairment that is episodic or in remission, the School District must consider whether the impairment, when active, would substantially limit a major life activity. If so, then the student meets the definition of a student with a disability.

{00288284 }

CHILD FIND

The School District attempts to identify and locate every student residing in the School District who may be a student with a disability under Section 504, regardless of whether he or she is currently receiving a public education. The School District will notify the parents of those students of their rights under Section 504.

The School District may seek to notify parents about Section 504 by advertising, by posting notices in places likely to be visited by qualified students with disabilities and their parents, by including notices in School District publications including its web site, and by directly contacting parents of students the School District believes may be eligible.

The School District will also ensure that the information in its Section 504 notices is written in a manner that would reasonably be easily understandable to a parent. The notices will contain the name and contact information for the School District's Section 504 Coordinator.

PRE-REFERRAL STRATEGIES

Pre-referral team strategies are an important first step in providing educational opportunities and services to students who are experiencing difficulties in school. The implementation of such strategies helps teachers vary instructional and behavioral methodologies and expectations, and, by so doing:

1. Assists teachers with students who present a wide variety of educational and behavioral needs; and
2. Strengthens educational opportunities within the general education program.

Pre-referral procedures are **not** intended to impede any necessary referrals for consideration of eligibility under the Individuals with Disabilities Education Act ("IDEA") or Section 504. If, at any time, a teacher, counselor, administrator, or other professional staff member suspects that the student's difficulties are attributable to a disability, the student should be referred for an evaluation. If a parent/guardian at any time requests an evaluation, the School District must either honor that request or notify the parent/guardian of his/her due process rights under the IDEA, or Section 504, as applicable.

PARENTAL RIGHTS – SECTION 504

Section 504 guarantees certain rights to parents of students with disabilities and adult students with disabilities. The intent of these procedural protections is to keep the parent/guardian or adult student fully informed about educational decisions concerning the student, and to inform the parent/guardian or adult student of their rights if they disagree with any of these decisions. At age 18, these rights transfer to the student. A student's parent(s) or guardian(s) will be given a meaningful opportunity to provide input during the evaluation of the student for eligibility under Section 504.

A Notice of Procedural Safeguards – Section 504 (Form C) has been developed for distribution to parents and adult students.
{00288284 }

SECTION 504 – THE PROCESS

- Referral
- Evaluation
- Eligibility Determination
- Development of Accommodation Plan
- Review
- Re-Evaluation
- Time Frame

A. Referral

A student who is suspected of being eligible under Section 504 may be formally referred by a parent, teacher, other certified school employee, or the adult aged student himself/herself. Where a teacher or other certified school employee suspects Section 504 eligibility, a referral *must* be made.

- The person making the referral is to complete a Section 504 Referral form (Form B) and submit the form to the School District’s Section 504 Coordinator.
- Upon receipt of a Section 504 referral from a staff member, the parent should be provided the form letter “Parent Notice – Section 504 Referral” (Form D).
- Whether the referral is made by the parent or by school staff, the parent should be provided with copies of “Consent for Section 504 Evaluation” (Form E) and “Notice of Procedural Safeguards – Section 504” (Form C).

B. Evaluation

A determination of Section 504 eligibility (i.e., a physical or mental impairment that substantially limits a major life activity within the school environment) must be based on a multi-source evaluation. The evaluation procedures to be followed may, but need not, include all of those which are followed in evaluating students under the Individuals with Disabilities Education Act (“IDEA”). The nature and extent of the information needed to make a Section 504 eligibility decision is determined on a case-by-case basis by a group of persons knowledgeable about the student and the meaning of the evaluation data.

The evaluation process should begin with a thorough review of the student’s educational records, and will include completion of the General Education Teacher Report (Form I). The following may also be considered:

- Observations of the student;
- Standardized tests or other assessments by school staff;
- Parent/Student/Teacher interviews;
- Behavior rating scales or other checklists;
- Pertinent medical information; and
- Information provided by the parent.

Where formal testing is determined to be necessary, the evaluation procedures must ensure that:

1. Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer.

{00288284 }

2. Tests and evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient.
3. Tests are selected and administered so as to best ensure that when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the facets that the tests purport to measure).

If a student is suspected of having a physical impairment and the School District does not already have a current diagnosis documented by a physician, input from a physician may be sought as part of the evaluation process. (See Cover Letter to Physician (Form G), Authorization for Release and Exchange of Student Educational and Medical Information (Form F) and Physician's Statement (Form H)). It must be noted that a parent (or student) is not required to provide a medical statement as a condition of a Section 504 evaluation being conducted. If the School District determines that a medical assessment is necessary for a complete evaluation, the assessment will be at no cost to the parents.

Please note that a diagnosis of a physical or mental impairment does not, in and of itself, determine eligibility under Section 504. As mentioned above, there must also be separate findings that the impairment substantially limits a major life activity.

C. Eligibility Determination

The eligibility determination should be made by a group of persons knowledgeable about the student, the meaning of the evaluation data and placement options (the "Team"). The parent(s)/guardian(s) of the student or adult student should be given a meaningful opportunity to provide input into the evaluation process and invited to the meeting concerning the eligibility determination. (Form J).

A final determination regarding eligibility shall be made by the Team through completion of the Section 504 Eligibility Determination Report. (Form K).

D. Section 504 Services Plan

Where a student is found to be eligible under Section 504, a Section 504 Plan (Form N) will be developed. The building Section 504 Team, which includes the parents, will be responsible for determining the special education and related services, as well as any accommodations, that are needed to ensure that the student receives a free appropriate education. The Plan will specify how services will be provided and by whom. Where a student's Section 504 Plan includes use of an assistive technology device, the Plan shall require that teachers and paraprofessionals receive the necessary training to ensure that the technology can be utilized properly. The Plan shall specifically address what will occur when an assistive technology device is out of service for repair or is otherwise not functioning.

The Section 504 Plan shall be signed by the Building Administrator/Designee. Prior to implementation, a copy of the Plan shall be provided to the parent(s)/guardian(s) or adult student, which indicates the School District's intent to implement the plan. A copy of the Notice of Procedural Safeguards – Section 504 (Form C) shall be given to the parent(s) / guardian(s) or adult student, together with the notice of the intent to implement.

{00288284 }

If a Section 504 Plan is developed for a student, the School District's Section 504 Coordinator or his/her designee, will inform all school personnel with implementation responsibilities of the existence and particulars of the Plan, and provide them with a copy on a "need to know" basis.

E. Review

The teacher or other person(s) designated by the Section 504 Team shall monitor the student's progress and the effectiveness of the student's Plan. The teacher or other designated person will meet with the parent(s) at least annually to determine whether the Plan continues to be appropriate or whether any changes are thought to be necessary. If changes are to be considered, the Section 504 Team will be convened.

F. Reevaluation

A multi-source evaluation should be completed periodically to re-determine eligibility under Section 504 and before any significant changes are made in the Plan.

G. Time Frame

A time frame of thirty (30) school days will be followed for completion of the identification, evaluation, and, if necessary, development of a Section 504 Plan for each student who is referred pursuant to the School District's Section 504 policy.

SUSPENSION AND EXPULSION OF STUDENTS **SERVED UNDER SECTION 504**

Students who are eligible under Section 504 have certain additional protections when charged with a violation of the Code of Student Conduct that may result in a suspension or expulsion. Similar to suspension or expulsion of a student with a disability under the IDEA, it is necessary to conduct a manifestation determination review for a Section 504 eligible student when:

- **The suspension or expulsion is expected to be for more than ten (10) consecutive school days.** As is true under the IDEA, a suspension/expulsion of more than ten (10) consecutive days constitutes a significant change in placement and requires the School District to determine whether the disability identified in the student's Section 504 Plan is substantially related to the student's alleged misconduct.

- **A series of suspensions that total more than ten (10) school days in a school year and creates a pattern of exclusion.** If cumulative suspensions/expulsions for a student on a Section 504 Plan total more than ten (10) school days in a school year, it must be determined whether a significant placement change has occurred. This is done on a case- by-case basis. If a series of short suspensions creates a pattern of exclusion, this constitutes a change in placement and the School District must conduct a manifestation determination meeting before further suspensions or expulsions occur. The Office for Civil Rights has identified some of the key factors in determining the existence of a "pattern of exclusion." These include: (i) the length of each suspension, (ii) the proximity of one suspension to another, (iii) the similar or dissimilar nature of the behavior, and (iv) the total amount of time the student is excluded from school.

{00288284 }

If the behavior is found to be a manifestation of a disability, discipline may be imposed so long as the punishment does not subject the student to a significant change in placement (e.g., due to length). The Section 504 Team will be convened to determine whether the student's Section 504 Plan should be modified.

Section 504 allows a student to be disciplined, without going through the manifestation determination review process, where the student is charged with and found to be currently engaging in the illegal use of drugs or alcohol, in violation of the Code of Student Conduct.

IMPARTIAL DUE PROCESS HEARINGS

Parents, guardians, adult students and persons in a parental relationship with the student who disagree with the identification, evaluation, placement or provision of a free appropriate public education for a student with a disability have the right to request an impartial due-process hearing. Request for a Section 504 due process hearing must be made to the School District's Section 504 Coordinator. Upon receipt of such a request, the necessary arrangements will be made by the School District, including the selection of a hearing officer. A hearing may not be conducted by a person who is an employee of the School District, or by any person having a personal or professional interest which conflicts with his or her objectivity in the hearing.

Any party to a hearing has the right to:

1. Be accompanied and advised by counsel and/or by individuals with special knowledge or training with respect to the problems of children with disabilities;
2. Present evidence and confront, cross-examine, and compel the attendance of witnesses;
3. Prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five days before the hearing;
4. Request that the hearing officer bar as evidence any evaluation or recommendation completed but not disclosed to the other party at least five business days prior to the hearing;
5. Obtain a written or electronic verbatim record of the hearing or obtain alternate forms of the verbatim record to be provided in the parent's native language; and
6. Obtain written or electronic findings of fact and decisions.

The School District will adhere to the following timeframes in the event of a request for a due process hearing:

1. A hearing will be scheduled not more than thirty (30) calendar days following receipt of a written request from the parent.
2. The Hearing Officer will, not later than thirty (30) calendar days after the completion of the hearing, do both of the following:
 - a. Reach a final decision regarding the matter; and
 - b. Send a written copy of the decision to each party.
3. In the absence of an appeal or written notice of an intent to pursue an appeal, the decision of the Hearing Officer will be implemented by the School District within ten (10) business days of the School District's receipt of the decision.

Review. The non-prevailing party may request a review (appeal) of the hearing officer's decision. The process shall be:

1. An appeal shall be in writing, specify the findings and conclusions with which there is disagreement, and delivered to the other party within ten (10) business days of receipt of the decision of the hearing officer.

{00288284 }

2. Upon receipt of an appeal from the parent, or, where the School District initiates an appeal, the School District will appoint an independent appeals officer to conduct an impartial review.
3. The appeals officer shall receive the entire record of the proceedings below and request short written statements of position from the parents. The appeals officer may, at his/her discretion, conduct the review either with or without oral argument.
4. Upon completion of the review, the appeals officer shall render a written decision, within fifteen (15) school days, which decision will be final.

The procedure, above, is not intended to, nor shall it be interpreted as, denying a parent his/her right to file a complaint with the United States Department of Education or in a court of competent jurisdiction.

COMPLAINTS/GRIEVANCES

Apart from an Impartial Due Process hearing, as provided above, a person who believes that he/she has been discriminated against by the Fremont Public School District on the basis of his/her disability may pursue a grievance/complaint through Fremont Public School District's Grievance/Complaint Procedure. (Form Q).

Form C: NOTICE OF PROCEDURAL SAFEGUARDS – SECTION 504

The following is a summary description of the rights provided by Section 504 of the Rehabilitation Act of 1973 to students with disabilities, or suspected disabilities, as well as certain rights you have under other laws. These include the Individuals with Disabilities Education Act (IDEA) and the Family Education Rights and Privacy Act (FERPA). The intent of the law is to keep you informed about decisions concerning your child, to have you be an active participant in the educational planning for your child, and to inform you of your rights in the event you disagree with any decisions concerning your child's rights under Section 504.

You have the right to:

1. Have the Fremont Public School District advise you of your rights under federal law;
2. Receive notice with respect to: a) Section 504 identification, evaluation, and/or eligibility determinations of your child; b) your procedural safeguards; c) your opportunity to examine relevant records with regard to your child; and d) your right to an impartial due process hearing, including the right to participate, and be represented by legal counsel, but at your own expense, as well as to request a review of the decision of an impartial hearing officer.
3. Have evaluation, educational programming, and placement decisions made based upon a variety of information sources, and by a team of persons who are knowledgeable about the student, the evaluation data, and placement options;
4. Examine education records related to your child, including those concerning the decisions regarding your child's Section 504 identification, evaluation, educational program, and placement;
5. Obtain copies of educational records at a reasonable cost, unless the fee would effectively deny you access to the records;
6. Receive a response from the Fremont Public School District to reasonable requests for explanations and interpretations of your child's records;
7. Request an amendment of your child's educational records if there is reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child. If the Fremont Public School District refuses this request for amendment, the School District will notify you within a reasonable time and advise you of your right to an impartial hearing;
8. Have your child receive a free appropriate public education, including related services, if he/she is found to be a qualified student with a disability. The services will be without cost to you or your child, except for those fees that are imposed on non-disabled students or their parents or guardians.
9. Have your child take part in, and receive benefits from, the School District's education programs without discrimination because of his/her disabling condition(s);
10. Have your child be educated with non disabled students to the maximum extent appropriate. This includes the right to have the Fremont Public School District make reasonable accommodations to allow your child an equal opportunity to participate in school and school related activities;
11. Have your child educated in facilities and receive services comparable to those provided non-disabled students;
12. Have transportation provided to and from an alternative placement setting at no greater cost to you than would be incurred if the student were placed in a program operated by the Fremont Public School District;
13. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the Fremont Public school District;
14. Request an impartial due process hearing regarding the Section 504 identification, evaluation, eligibility, placement or provision of a Free Appropriate Public Education ("FAPE") for your child.
15. File a complaint in accordance with Fremont Public School District's Section 504 grievance procedure.

Dear [Insert Parent/Legal Guardian Name]:

As part of our continuing efforts to monitor the educational performance of our students, we have found that **Insert Child's First Name here.** is experiencing some difficulties. I am prepared to form an evaluation team to determine if that **Insert Child's First Name here.** may have a qualifying disability under Section 504 of the Rehabilitation Act. Members of the evaluation team would collect and review information on your child's learning and behavior. Your child's teacher(s), the school's guidance counselor, school psychologist, and other staff members may be involved in observations, assessments and other data collection activities.

Once the information has been collected, a meeting will be scheduled to discuss the results. You will receive notice of the meeting and are encouraged to attend and participate in the discussion and decision making process.

Under Section 504 you have specific rights concerning this evaluation process, which are designed to keep you fully informed concerning decisions about your child. These rights are summarized in the Notice of Procedural Safeguards – Section 504 document that is enclosed with this letter. Also enclosed is a Consent for Section 504 Evaluation. Please sign and return the form to me so that we may begin the evaluation process.

Re: Eligibility Determination Under Section 504

Dear Enter name of parent/guardian here.:

As you are aware, on Enter date here. , an evaluation team met to determine whether your child has a qualifying disability under Section 504 of the Rehabilitation Act. Based on the team's review of all of the information collected, the evaluation team determined that:

- Your child has a qualifying disability under Section 504 of the Rehabilitation Act and may require a Services Plan to ensure that he/she receives an appropriate public education.
- Your child does not have a disability or condition that meets the definition of a qualifying disability under Section 504. Therefore, your child is not entitled to a free special education or related services under Section 504.

Enclosed is a copy of the Notice of Procedural Safeguards – Section 504 form. This document summarizes your rights and the rights of your child under Section 504.

If you have any questions or would like to schedule a meeting to discuss this determination, please do not hesitate to contact me.

Form Q: GRIEVANCE / COMPLAINT PROCEDURE

Any individual, including students and staff, who believes that s/he has been the victim of discrimination, including discrimination based on disability, may seek resolution of his/her complaint through either the informal or formal procedures described below. The Board of Education has designated [Insert Name], Director of Special Services to serve as the School District's Section 504 Coordinator for matters involving alleged discrimination on the basis of disability. The contact information for Ms./Mr. [Name] is:

Ken Haggart
Superintendent
Section 504 Coordinator
450 E. Pine Street Fremont, MI 49412
khaggart@fremont.net
231-924-2350

Informal Complaint Procedure

The informal complaint procedure is provided as a less formal option for any individual who believes s/he has been the victim of discrimination. This informal procedure is **not** required before filing a formal complaint. Moreover, a person who seeks resolution through the informal process may request, at any time, that the matter be moved to the formal complaint process.

Step 1

An individual who believes s/he has been the victim of discrimination by another student(s), a School District employee or third party may make an informal complaint, either orally or in writing, to (1) a teacher, other employee, or building administrator in the school the student attends, in the case of a student Complainant; or (2) the Section 504 Coordinator.

All informal complaints received by a staff member must be reported to the Section 504 Coordinator within two (2) school days. The Section 504 Coordinator who will either facilitate an informal resolution as described below on his/her own, or appoint another individual to facilitate an informal resolution.

Step 2

The School District's informal complaint procedure is designed to provide individuals who believe they are being discriminated against with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the individual claiming discrimination or harassment, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the individual about how to communicate the unwelcome nature of the behavior to the other person.
- B. Distributing a copy of the nondiscrimination policy as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.
- C. If both parties agree, the Compliance Officer (or Title IX Coordinator) may arrange and facilitate a meeting between the person claiming discrimination and the other individual to work out a mutual resolution.

{00288284 }

Step 3

The Section 504 Coordinator will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint.

All materials generated as part of the informal complaint process will be retained in a single location under the control of one of the Section 504 Coordinator, in accordance with the Board of Education's records retention policy and/or Student Records policy.

Formal Complaint Procedure

Step 1

A person who believes s/he has been subjected to discrimination by a student(s), a School District employee or a third party may file a formal complaint, either orally or in writing, with a teacher, principal, or other District employee at the student's school, in the case of a student Complainant, or with the Section 504 Coordinator. An employee who receives such a complaint must report such information to the Section 504 Coordinator within two (2) school days.

All formal complaints must include the following information to the extent it is available:

- A. the name of the alleged victim and, if different, the name of the person reporting the allegation;
- B. the nature of the allegation, a description of the incident(s), and the date(s) and time(s) (if known);
- C. the name(s) of all persons alleged to have committed the alleged discriminatory act, if known, or a description/identifying information available if the name is not known; and
- D. the name(s) or description/identifying information of all known witnesses to the alleged incident.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Section 504 Coordinator shall ask for such details in an oral interview. Thereafter, the Coordinator will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Throughout the course of the process, the Section 504 Coordinator shall keep the parties informed of the status of the investigation and the decision-making process.

Note: Upon receiving a formal complaint, the person conducting the investigation shall consider whether any action should be taken during the investigatory phase to protect the Complainant from further discrimination, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the accused person. In making such a determination, the person conducting the investigation should consult the Complainant to assess his/her agreement with the proposed action. If the Complainant is unwilling to consent to the proposed change, the person conducting the investigation may, nevertheless, take whatever actions are deemed appropriate for the protection of all persons, following consultation with the Superintendent.

{00288284 }

Step 2

Within two (2) business days of receiving the complaint, the person who will conduct the investigation will initiate a formal, impartial investigation to determine whether the Complainant has been subjected to discrimination.

Simultaneously, the person conducting the investigation will inform the individual alleged to have engaged in discrimination or harassment that a complaint has been received. The accused person will be informed about the nature of the allegations and provided with a copy of any relevant Board policy or administrative guidelines. The accused will also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Section 504 Coordinator or a designee will attempt to complete an investigation into the allegations of discrimination within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with both parties;
- B. obtaining and reviewing any written statements of the person filing the claim, the victim (if different from the person filing the claim), the accused student(s) and/or employee(s), and any known witnesses;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the parties, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Section 504 Coordinator shall, within fifteen (15) school days of receiving the formal complaint, prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation, and the response of School personnel. The report shall provide recommendations based on the evidence. A preponderance of the evidence standard will be followed. The investigating person's recommendations should consider the totality of the circumstances, including the ages and maturity levels of those involved.

Step 3

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Section 504 Coordinator, the Superintendent must either issue a final decision regarding whether the complaint has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both parties.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Superintendent shall issue a final written decision as described above.

Step 4

A party who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board of Education within five (5) business days of his/her receipt of the Superintendent's final decision.

The Board may choose to meet with the concerned parties or decide the matter on the record it has received. The Board's disposition shall be made within twenty (20) school days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of discrimination regardless of whether the individual alleging the discrimination pursues the complaint. The Board also reserves the right to have the formal complaint

{00288284 }

investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

Step 5

Filing a Complaint with the Office for Civil Rights

An individual alleging discrimination on the basis of disability, may, at any time, file a complaint with the United States Department of Education Office for Civil Rights at:

U.S. Department of Education
Office for Civil Rights
Cleveland Office
1350 Euclid Avenue, Suite 325
Cleveland, Ohio 44115
(216) 522-4970
FAX: (216) 522-2573
TDD: (216) 522-4944
E-mail: OCR.Cleveland@ed.gov
Web: <http://www.ed.gov/ocr>

Retaliation

Retaliation against a person who files a complaint alleging discrimination or harassment, or participates as a witness in an investigation, is strictly prohibited. Upon a finding that a person has engaged in retaliation, appropriate disciplinary action will be taken.

Maintenance of Records

All materials generated as a part of the formal complaint process will be retained in a single location under the control of the Section 504 Coordinator, in accordance with the Board of Education's records retention policy and/or Student Records policy.

Assurance

Pursuant to District Policy JAA and federal and Michigan law, the District assures that it will take steps to prevent recurrence of discrimination and to correct discriminatory effects on any person who files a complaint and others, if appropriate.
