**Michael Deeb Presents The
Kennedy Assassination
Tuesday, September 19th @ 7:00
p.m.**

The FBI insisted that one man killed President John F. Kennedy. The Warren Commission agreed. But since those hurried investigations were completed, many skeptics have disagreed with both declarations. On the contrary, they contend that there had to have been multiple assassins involved in the assassinations, not just one. Credible witnesses, law enforcement officials, bystanders and medical professionals had their testimonies either ignored or falsified. So, was this actually a cover-up? Michael Deeb, historian and author of several Civil War novels, will present his research at the Fremont Area District Library.

Thank you!
