The Newaygo County Career Tech Center is offering an Online AP Computer Science Principles Class for any interested 9th – 12th grade Students. This course will help you understand how computing and technology influence the world around you. You will create digital projects, such as games, and apps, to address real world issues in the same way writers, programmers, engineers and designers do. Classes will start in mid-September and run the whole school year. This course is above and beyond your regular workload and no high school credit is given. Contact Mrs. Wenk or Mr. Mull to apply. Deadline to apply is April 23.

Electrical and Computer Engineering at the University of Michigan is excited to be offering a virtual course that high school students can participate in this summer, The Joy Of Coding, which takes place July 5, 2021-August 13, 2021.

The Joy of Coding is an online course specially created for anyone who wants to experience first-hand the power and thrill of coding computers to do amazing things. Created with high school students in mind, it is a great way for anyone to step into the wondrous world of coding. You'll learn by doing and experience how coding powers apps such as Snapchat and TikTok.
No prior coding experience is required! Anyone who wants to learn is welcome!
Students will:

- **Learn to code at their own pace with support from Michigan ECE faculty and students**
- **Have weekly coding lectures/assignments using an interactive textbook**
- **Have our commitment to help you get unstuck when learning to code**
- ***Receive a certificate of accomplishment to include in college applications***

Please visit our website for further information including math prerequisites, cost ($99), important dates, and more! For priority consideration, please submit an application by April 15, 2021!

For further questions, please email continuum-coding@umich.edu.
