

For our work for this two weeks:

I want us to concentrate on mood in music. How music makes us feel. Part of your assignment is to listen to at least 4 pieces of different kinds of music and draw how those pieces made you feel. First, listen to the music and then draw the feelings that you had. I'd encourage you to do this in small bites.

Choose music from all different places. See what you like and don't like. Be adventurous. I've included some suggestions. I would not let the children see the Youtube presentation until after they've drawn their impression.

Next, I want you while you are watching T.V. , to listen how they use music. Do they use music to make things, scary or exciting? Talk with your family about what would happen if the music wasn't there.

Think about what kind of music would be used in your house as background? Would you have exciting music? Quiet music or funny music? If you can send me a note and let me know.

The other job I have for you is to remember our song You-nique. I've sent you the song sheet. If you are interested in singing this with me, would you please send me a message, so that I know how many are interested in doing this project. I would like to put this on our Facebook page to show our Pathfinder pride.

Remember to walk outside and listen to the music of nature and take lots of time to listen for the beauty that is around us. Please know that I miss seeing all of you and want you and your family to be safe.
